DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on January 16, 2007 has been considered by the Examiner.

The Potetto reference directs to collecting statistical information about network traffic flow and maintain the information in a log.

The Cook reference directs to network collection facility and query facility where the data collector receives reported data and analyze the timing data and determine if the received timing data is consistent with the timing patterns of other routing devices and/or prior network traffic and if the timing data is not consistent, it automatically adjust the timing data. The data collector maintains profile records of the historic timing patterns.

The Anderson reference also directs to network traffic data collection. If a network link of interest is suspicious of being abused or misused, additional sensor is launched to perform additional monitoring to collect additional data to confirm the result

of the misused. Once the location of misused network is determined, regulations necessary to impact the network traffic is made.

None of the above reference either singularly or in combination teach ***at least*** the claimed invention of collecting two set of data wherein one set of data is shorter duration of time than the other set of data. Creating and storing risk level based on the first set of data and a current alert level based on the second set of data and automatically deciding on a course of action based on the risk level and the current alert level.

Allowable Subject Matter

3. Claims 1-3, 6-8, 16-18, 21, 22 27-29 and 31-35 are allowed.

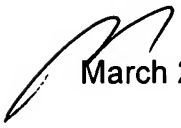

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
